ASSET LIST

Every truck, trailer, machine, tool and device we track

WHAT THIS IS

We're building **DB Asset Hub**: one place for daily inspections, repairs and maintenance on everything we own. It starts with a list of what we have.

THREE KINDS OF ENTRIES

Equipment: vehicles, trailers and machines: pickups, dump and box trucks, vans, cars; dump, equipment and enclosed trailers; skid steers, lifts, roof conveyors and hoists, generators, compressors, pressure washers. Page 2, one per item.

Tools: power tools, and any tool worth over $100 (use your best judgment), plus every ladder and all fall-protection gear: harnesses, lanyards, SRLs, roof anchors. Page 3, fifteen to a page.

Technology: computers, laptops, tablets and cell phones the company issued. Page 4, twelve to a page.

TWO WAYS TO FILL IT IN

On a phone, tablet or computer: use the online form Carl sends you. It starts with **What are you entering?** and then asks only what fits. Tools go in up to ten at a time. After you submit, tap **Submit another response** for more.

On paper: print the pages you need and give them to Carl.

WHERE TO FIND IT

VIN (17 characters)	Driver's door-jamb sticker, or the dash under the windshield. Trailers: the tongue.
GVWR	The same door-jamb or tongue sticker.
Odometer	The dash.
Engine hours	The hour meter, on the dash or the engine.
Serial number	The data plate or label on the machine or tool.
Device serial	iPhone, iPad: Settings, General, About. Android: About phone. Laptop: sticker underneath.
Plate	The plate itself, or the registration in the glove box.

GOOD TO KNOW

- Skip anything you don't know. The office fills in the rest.
- Fuel cards: write the **last 4 digits only**, never the whole number.
- Copy VINs and serial numbers exactly. They are how we match records later.
- Leave the **Office use** boxes blank. The office gives each asset its tag (like TRL-03).
- Questions? Ask Carl.

EQUIPMENT RECORD

FILLED IN BY

DATE

OFFICE USE: TAG

01 · WHAT IS IT

KIND OF EQUIPMENT

- ☐ Pickup truck
- ☐ Car or SUV
- ☐ Skid steer or loader
- ☐ Air compressor
- ☐ Dump truck
- ☐ Dump trailer
- ☐ Lift or telehandler
- ☐ Pressure washer
- ☐ Box or flatbed truck
- ☐ Equipment trailer
- ☐ Roof conveyor or hoist
- ☐ Other: _____
- ☐ Van
- ☐ Enclosed trailer
- ☐ Generator

NAME OR SHORT DESCRIPTION

UNIT NUMBER OR LABEL

WHO USUALLY DRIVES OR USES IT

TEAM

☐ Roofing ☐ Gutters ☐ Service ☐ Construction ☐ Shop / Office ☐ Other: _____

02 · MAKE, MODEL AND ID

Door-jamb sticker · trailer tongue · data plate

MAKE

MODEL

YEAR

VIN (17 CHARACTERS) OR SERIAL NUMBER

LICENSE PLATE

PLATE STATE

GVWR (LBS)

COMMERCIAL VEHICLE (DOT)?

☐ Yes ☐ No ☐ Not sure

Yes if it has a USDOT number, or is rated 10,001 lb or more (with trailer).

03 · METERS AND FUEL

Today's readings

ODOMETER (MILES)

ENGINE HOURS (HOUR METER)

FUEL TYPE

☐ Gasoline ☐ Diesel ☐ Electric / battery ☐ No fuel ☐ Other: _____

TANK SIZE (GALLONS)

FUEL CARD: LAST 4 DIGITS ONLY

GPS TRACKER

- ☐ Samsara
- ☐ Has one, not sure which
- ☐ Motive
- ☐ None
- ☐ Geotab
- ☐ Not sure

04 · PURCHASE

Skip if you don't know. The office fills these in.

PURCHASE DATE

PURCHASE PRICE ($)

IN SERVICE SINCE

EXPECTED LIFE (YEARS)

05 · CONDITION AND NOTES

TOOLS

WHOSE TOOLS ARE THESE?

TEAM

WHERE ARE THEY KEPT?

DATE

Kind: roofing nailer or nail gun, saw, drill or impact driver, grinder, other power tool, ladder, harness, lanyard or srl, roof anchor, other tool or safety gear.
